

# Power Direct Vent Water Heaters

Professional *Achiever Plus*® Power Direct Vent gas water heaters are a perfect choice for tight construction and indoor air quality

## Efficiency

- .65 UEF
- ENERGY STAR® rated

## Performance

- FHR: 111 gallons for natural and 81 gallons for LP gas
- Recovery: 47.5 to 65.7 GPH at a 90° F rise, based on model

## Self-Diagnostic System

- Electronic gas control for improved monitoring and service

## Low Emissions

- Eco-friendly burner, low NOx design

## Features

- Two pipe system: one pipe pulls in outside air for combustion and the other exhausts combustion gases
- 120 VAC powered blower
- New whisper quiet blower

## Flammable Vapor Detection System

- Protective control system that disables the heater in the presence of flammable vapor accumulation

## Flexible Venting Options

- Long venting lengths up to 100 feet
- PVC, ABS, or CPVC vent and air inlet options
- Vertical or horizontal vent and air inlet system configurations
- 3" and 4" Concentric vent kits available

## Longer Life

- Premium grade anode rod provides long-lasting tank protection

## High Altitude Compliant

- Models are certified for applications up to 10,100 feet above sea level

## Plus...

- Enhanced flow brass drain valve
- Temperature and pressure relief valve included
- Low lead compliant
- Durable silicon nitride igniter (HSI)
- Side taps for space heating
- EverKleen™ patented system fights sediment build-up
- Standard replacement parts

## Warranty

- 8-Year limited tank and parts warranty\*
- With ProtectionPlus™ the 8-year limited tank warranty becomes 12-year

\*See Residential Warranty Certificate for complete information

Units meet or exceed ANSI requirements and have been tested according to D.O.E. procedures. Units meet or exceed the energy efficiency requirements of NAECA, ASHRAE standard 90, ICC Code and all state energy efficiency performance criteria.

**Professional Achiever Plus**  
**Power Direct Vent**  
50-Gallon Capacities  
Up to 65,000 BTU/h  
Natural and LP Gas

LEED Point = 1

See venting information on back.
