

The new degree of comfort."

## Marathon<sup>®</sup> Eclipse<sup>™</sup> Light Duty Non-Metallic Electric Water Heaters

With easy field-level conversion for multiple light duty applications

#### **BUILT TO LAST**

- Backed by a 10-year warranty<sup>1</sup>
- Save up to \$4000 in replacement costs<sup>2</sup>
- Terminal block with fused & non-fused configurations
- Unmatched strength & durability
- Rust & corrosion proof
- Perfect for high temperature applications
- Factory shipped in simultaneous configuration

| FEATURES & I                               | BENEFITS   |                               |                          |  |  |  |
|--|--|-------------------------------|--------------------------|--|--|--|
| Terminal<br>Block                          | Easy to convert standard models from simultaneous to non-simultaneous, single phase to three phase |                               |                          |  |  |  |
|  | Field convertible to meet any light-duty application need  |                               |                          |  |  |  |
|  | Available on all models  |                               |                          |  |  |  |
| High<br>Efficiency                         | Polyurethane insulation re   | educes energy consumption     | and standby heat loss    |  |  |  |
| Savings                                    | Pipe wrap kit included to  | achieve maximum energy sa     | vings                    |  |  |  |
|  | Non-metallic, seamless, to rust and corrosion  | plow-molded polybutene inne   | er tank protects against |  |  |  |
|  | Multiple layers of filament  | -wound fiberglass give the ta | ank unmatched strength   |  |  |  |

<sup>1</sup>See Commercial Warranty Certificate for complete information.

<sup>2</sup>Savings based on 7-year average life of a commercial water heater as defined by NOPR (DOE). Customer will replace 2 tanks for every 1 Eclipse. Replacement tank estimated cost is \$4,000.

### Marathon Eclipse Light Duty

75, 85 and 105-Gallon Capacities 208/240/277/480 Voltages 12.1 kW Electric

Efficiency | All models tested according to ANSI test procedures and meet or exceed the thermal efficiency and standby loss requirements of current ASHRAE standards (EPACT). Also exceeds energy efficiency codes of all states including California Energy Commission (CEC).

Safety and Construction | These products are design certified by Underwriters Laboratories (UL) to meet UL safety standards and UL/NSF 005 as electric storage tank water heaters. All models are North Carolina and Massachusetts Code compliant. Certified for 150 PSI maximum working pressure.

#### See specifications chart on back.

All Marathon Eclipse Light Duty models are available in 6/6 simultaneous configurations with terminal block in both fused and non-fused configurations. All water heaters with power requirements over 48 Amps come Standard in the fused configuration.

## Recommended Specifications (for trade reference only)

Water heater(s) shall be model

manufactured by Rheem, having electrical input of \_\_\_\_\_\_ kW and a recovery rate of GPH at a 100°F temperature rise. Water heater(s) shall have a storage capacity of \_\_\_\_\_\_ gallons.

Water heater(s) shall be constructed of a inner liner poloybutene-1 and shall come with a 10 year warranty. Water heater shall have a maximum weight of 160 lbs and include a terminal block for non-sim / sim conversions. Water heater(s) shall have the UL seal of certification and be factory equipped with an CSA/ASME rated temperature and pressure relief valve. Tank(s) interior shall be coated with a high temperature porcelain enamel and furnished with a magnesium anode rod rigidly supported. Water heater(s) shall meet or exceed the energy factor requirements of ASHRAE. Tanks shall have a working pressure rating of 150 psi, and shall be completely assembled. Water heater(s) shall be equipped with copper, resistored, "screw-in" type elements. Tank shall be insulated with 2-1/2" of rigid polyurethane foam insulation. Water heater(s) shall be equipped with surface mounted thermostats each with an integral, manual reset, high limit control. Water heater(s) shall be covered by a three year limited warranty against tank leaks.

In keeping with its policy of continuous progress and product improvement, Rheem reserves the right to make changes without notice.
