Package Air Conditioners

#### The Features You Want

#### 1. The Scroll® Compressor.

All of our residential package units — regardless of efficiency level — feature the Scroll Compressor. The scroll compressors uses a more advanced technology than traditional reciprocating compressors. They have fewer moving parts, and they are quieter, more efficient, and longer lasting. In addition, 5 ton models feature the Scroll UltraTech $^{\text{TM}}$  2-Stage compressor with ComfortAlert $^{\text{TM}}$  system diagnostics.

#### 2. Durable Cabinet with Louvered Condenser

**Compartment.** Our cabinets have a powder painted finish that protects them from the harshest weather extremes and keeps them looking new for years. And our louvered condenser compartment is the best in the industry for protecting the condenser coil against yard hazards and weather extremes.

- **3. Grille/Fan Motor Mount.** Our motor mount helps protect the fan motor from the elements for longer life. Its design also helps reduce vibration and noise.
- **4. Easily Accessible Control Box.** Operational controls are "up front" for quick installation and easy service diagnostics.
- **5. Matched Blower/Evaporator Coil Unit.** The blower is responsible for the flow of air into your ductwork. It has been designed to match the MultiFlex® evaporator coil and other system components for maximum efficiency and quiet operation. In addition, the coil features rifled copper tubing and enhanced fins for improved efficiency.
- **6. Service Fittings.** Exterior service fittings enable a serviceman to quickly determine unit operating conditions.
- **7. Supplemental Electric Heat Strips.** These optional electric heat strips can provide supplemental heating capacity during periods of extreme cold.

### **Limited Warranty Information**

All of our Ruud package units were developed with reliability and durability in mind. The 13 & 14 SEER models feature a ten-year limited compressor warranty (single-phase residential installations only). The condenser and evaporator coils are warranted for five years against leaks caused by factory defects. All other parts have a limited warranty of one year for one and three-phase models installed in commercial applications, and five years for single-phase models installed in residential applications.

#### Protection You Can Count On

While your Ruud equipment is incredibly reliable and covered by an outstanding warranty, you can extend your warranty coverage with Protection Plus® extended service protection. Then you can relax and enjoy the comfort of your Ruud air conditioner — without worrying about the cost of parts or labor for unexpected repairs. And when Protection Plus is purchased in conjunction with your dealer's maintenance program, you can enjoy the peace of mind that your equipment will be both maintained and repaired — as needed and without additional expense.

Ask your dealer about the variety of Protection Plus plans now available. For more information, call 1-877-276-4294 or visit www.protectionplusonline.com.

#### KwikComfort® Financing

Ask your Ruud dealer about KwikComfort® Financing, the easy and convenient way to finance everything associated with your Ruud

equipment – your original equipment, all subsequent service, Protection Plus extended service protection and even the comfort options you might choose to add later.
