

PACKAGE HEAT PUMP
RQPM

KICK BACK WITH WORRY-FREE HVAC

The Ruud® Achiever® Series Package Heat Pump

Great for single-family homes, condominiums or lofts where space is limited, the Ruud all-in-one high-efficiency cooling and heating solution keeps all the equipment outside, while you stay comfortable inside, year after year.

Ruud.com

Achiever® Series Package Heat Pump RQPM

Cooling Efficiencies: 14 SEER / Up to 12 EER

Heating Efficiencies: 8 HSPF

Comfort and Savings

Start saving more energy and money with high-efficiency 14 SEER cooling and 8 HSPF heating. Now, it's easy to enjoy nextlevel comfort, while saving more on your utility bills.

Quiet, Durable and Dependable

The Copeland Scroll™ compressor delivers proven performance and is backed by the Ruud conditional 10-year parts warranty and 10-year compressor warranty¹. Its advanced motor design protects from overheating and ensures quiet, reliable operation.

Unique Features Inside and Out

The galvanized steel cabinet, grille / fan motor mount and full louvered coil protection offer total protection from weather extremes while adding longer life to your investment.

RELY ON RUUD.™

Ruud Philosophy of Reliability

Designed to keep your family comfortable for years to come, Ruud® products are developed using the 360°+1 design philosophy. The Ruud brand strives to deliver the very best homeowner experience by evaluating every detail of the product from every angle. That's 360°+1. And that's why you can rely on Ruud air and water solutions to bring you and your family years of comfort.

Rely on Staying Comfortable in Every Season

The Ruud® Achiever® Series Package Heat Pump offers unique features that make it efficient, quick to install, easy to service and dependable. Whether installed next to your home or on the roof of your loft, you can rely on enjoying quiet and affordable comfort for years to come.

Built Tough

The galvanized steel cabinet protects your Ruud unit from the elements, helping to reduce any maintenance expenses—plus, its slim design occupies less room in your yard and installs with a flush fit against your home. The motor mount design helps protect your fan motor against damage from the elements, extending its service life.

Protective Barrier

Unique in the industry, each Ruud unit features full-louvered protection of the sensitive condenser coil—offering total protection against vandalism and weather extremes, while adding to the longevity of your unit.

Low Corrosion, Low Sound

Constructed from sturdy 18-gauge G-90 sheet metal, the base rails elevate the bottom of the unit off the ground, protecting from corrosive condensation and providing air circulation around the unit. The combination of the durable cabinet, large outdoor fan, scroll compressor and elevated base pan all contribute to quiet, dependable operation.

Fast, Accurate Installation and Maintenance

If maintenance is ever required, Ruud products always keep service technicians in mind. Four service panels provide your technician with easy access to all internal components—so service time and expense are kept to an absolute minimum.
